me: American civil war just started
me: US was allied with Mexico and United States of Central America
me: both of which have occupied sections of CSA
me: and could potentially win those territories upon peace agreement
me: Mobile Alabama, for instance
me: is occupied by Central Americans
me: this is the greatest day of my life
Caleb: http://www.avclub.com/articles/gary-kurtz-outlines-original-darker-ewokless-endin,44162/
me: wow, I didn't realize I could hate him any more
Caleb: I really like the original ending.
Caleb: I'm gonna just use that one from now on.
me: dude, but that screws up the novels
me: that take place after Jedi
me: the novels
me: Atlanta is now held by United States of Central America
Caleb: You mean like my slash fiction about Chewie and Threepio's forbidden love?
me: sort of
Caleb: Good thing I didn't play up my hatred for pine trees during my interview.
Caleb: I just found out that Maine is apparently The Pine Tree State.
me: you gotta learn these things
me: you gotta remember the Maine
me: Russia invaded China, which was allied with Japan
me: and Russia is getting its ass kicked and all of its eastern territories are occupied by China
me: looks like they'll overthrow their Czar 70 years early
Caleb: This is a glorious day for the toilers of the field and factory.
Caleb: In the 1936 Presidential election, Franklin D. Roosevelt received the electoral votes of every state other than Maine and Vermont.
me: not Rogue Island as well?
Caleb: Come off it, Brown.
Caleb: The British intent was to carve off the eastern half of Maine as the new British province of "New Ireland".[
me: um
me: really?
Caleb: So sez Wikipedia.

me: did they plan on filling it with Irish?
me: and then starving them?
Caleb: I think they just wanted to name it in honor of the Irish.
Caleb: In appreciation for all of their hard work and sacrifices.
Caleb: Not eating and what not.
me: how many potatoes does it take to kill an Irishman?
me: none
Caleb: Hey.
me: also
me: shut up
Caleb: My cousin is Irish.
me: also
me: Ethiopia just had its government overthrow by anarcho-liberal rebels
me: it is now a bourgious dictatorship
me: of the ayn rand sort
Caleb: Just like in real life.
me: that's pretty kooky
me: it's like Atlantis
me: Galt's Gulch
me: also Brazil is allied with Netherlands
me: and thus at war with Prussia
Caleb: Boy, there's a couple of heavyweights!
me: if Brazil takes a Prussian province I'll jack off on the screen
Caleb: Pics or it didn't happen.
me: 4CHAN MEME
me: nevermind, China's getting iced by Russia
Caleb: Dude.
Caleb: Sux.
me: the important thing is that the Mexican war was avoided
me: and will never occur
me: since Mexico and U.S. are allies
me: so the U.S. will remain a third-rate world power
me: and Mexican Texas is attracting huge amounts of immigrants from war-torn Italy and German states
Caleb: Mamma mia!
